others. But we forbear discussing on so
tempting a theme.

It is very certain that to break down
this feeling in a city as well as a no-
tivity. It may seem a small matter to
Chinamen have yet ventured on in Shang-
hai, but it is quite certain that he learns an
Messer. Foggi & Co's compound, in broad
daylight, on Tuesday last, took off a pha-
eton, drove to the Soochow creek and sold
it for \$70—*N. O. D. News*.

A Peking correspondent says the Chi-
nese are talking about excluding all foreign-
ers except officials from the capital. That
vigor had been shown in the past, but it is gone
when respectable shopkeepers were
charged with witnessing assaults and
robberies and declining to interfere
because it was not their "piggin." If
we fancy they will find French objections
rather hard to overcome.—*N. O. D. News*.

Mr. L. & C. Express says that Mr. Thornton
of the Hongkong Civil Service, who is
at present at home on sick leave, is to be
superannuated after nineteen and a half
years continuous service in the colony.
We hear he has applied through the Colonial
office for a pension, to which his
service would certainly appear to give him
a claim. In the Directory for 1864, Mr.
Thornton is described as clerk in the Har-
bour Master's Office (absent).

ALTHOUGH the Financial Statement does
not contain any reference to a subject
upon which something might have been
said, we may presume it will be discussed
at the next meeting of the Council. It
is stated that the "harbour" regulations
under the Ordinances framed in 1867,
press with needless force on a large portion
of native junk owners, who trade
between the Colony and the immediate
adjacent coast. At present they cannot
leave the harbour without a clearance
which is not obtainable except during
office hours at the "Harbour" Master.
The owners are thus often prevented
from taking advantage of a breeze which
light enough, perhaps, to be useful on
shore, would carry them to their destination,
but being compelled to wait for
their clearance, they suffer by delay and
have to wait on the caprice of the weather.
It is suggested that a periodical
registry or clearance for say one or more
months would be sufficient for public
interests, and as the Water Police are to
be strengthened by the means afforded
by the Special Fund, some relaxation of
the present regulations may perhaps be
safely and therefore reasonably sanc-
tioned.

In the Rolls Court, on July 30, a com-
promise was sanctioned by Mr. Church
between the liquidators of the Commercial
Bank Corporation and Mr. E. M. Smith.
Mr. Smith was indebted to the bank in the
sum of \$7,922, and as security a lien was
held on land at Shanghai, which a short
time ago was valuable, but which had
greatly depreciated, and which was sold
now, only worth about \$5,000. Mr.
Smith now gave power to sell the land, and
it was arranged that on the payment of
\$2,000 at Shanghai on the 31st of December
next, and his sureties should be discharged
from all further liability.

SUPREME COURT.
(Before the Hon. Acting Chief Justice.)
Sept. 18, 1869.

**THE COMPTOIR D'ESCOMpte DE PARIS AND
ANOTHER, Plaintiffs,**
against
ALEXANDER RODGER AND OTHERS,
Defendants.

And F. S. HUFFMAN, Official Assignee of
Lyall, Still & Co.

The Acting Chief Justice delivered judg-
ment in the above case, as follows:

This is an Interpleader Bill filed by the
Comptoir d'Escompte de Paris and the
Chambre de Bourse of India, Australia, and
Tasmania, Alexander Rodger and others, owners
of the ship *Miner*, and the Official
Assignee of the Estate of Lyall, Still & Co.,
praying that the defendants may be
ordered to interplead in respect of the sum of
\$56,390.12 which the plaintiffs have paid
into Court.

The suit arises out of the recent judg-
ment of the Judicial Committee of the
Privy Council, whereby a "monum" was
ordered to be entered in an action of trover
which was brought by the plaintiffs against
the Bankrupt's Estate without disclosing
to whom it belonged, and does certain
acts in relation to the Bankruptcy proceed-
ings, thereby waives or loses the benefit of
his security. But there was no conceal-
ment here, and so far as intention may be
an element in the case it is clear that the
defendants never intended to make any
election or abandon any rights. The facts
of the present case do not appear to me to
bring it within the authorities above referred
to, and I cannot hold that either the
filing of the proofs or the other acts of the
defendants mentioned in the Special case
(parts 10 & 12) under the circumstances
constitute in point of law a waiver of any
benefit which might accrue to them by their
appeal to the Privy Council, or in any way
defeat their title to the sum in dispute.

This is the Hongkong Mint machinery
which it will be remembered, was purchased
by the Japanese and shipped in the steamer "United Service,"
now in course of erection at Osaka by
Mr. T. Waters, known here in connection
with the Telegraph to East Point. We
hear that it is intended to coin gold
pieces of Mexican \$20, \$10 and \$1.
Silver Coins of \$1, 50 cents, 25 cents and
10 cents, and Copper Coins of 1-100th and
1-100th of a Mexican Dollar. The Gold
will be 22 carat quality and the Silver
900 fine. It is expected that the
arrangements will be completed for coin-
ing towards the end of this or beginning
of next year.

LOCAL.

TO-DAY'S POLICE.

Mr. Russell had very little business to get
through this morning, there being only one or
two cases of minor importance brought
before him.

A semi-English Chinaman who goes
by the name of William Kuan-tai, was
brought up by the Acting Regimental Gen-
eral and charged as a suspicious character,
dangerous to the peace of the Colony. This
person is described as an unemployed
watchman; he was formerly in the Water
Police force, has been a watchman at gam-
bling houses, and has made himself gener-
ally useful in out-of-the-way jobs which he
could pick up. He dresses like an English-
man, and is not altogether devoid of ability.
In fact, he was in custody of the Police
before on a rather serious charge, but had to be discharged from a want of
evidence. On this occasion he was ordered
to find security for three months in
\$200, and as the money was not forthcoming,
he was safely lodged in the care and
keeping of the Gaol authorities.

A somewhat unfortunate mistake has been
made in the Chinese notification with respect
to the advent of the Duke of Edinburgh.
He is called the oldest son of the Queen,
which must naturally lead to a non-
technical impression on the part of the Chi-
nese, who, of course, cannot understand
how the future King of England should be
a Captain in the Navy. The mistake is, in
a measure as excusable one, and illustrates
the difficulty of accurately translating titles
into Chinese. The expression used is *Tai-
ze*, literally "great son," the exact mean-
ing of which is the Prince designated to the
throne, but it is also used generally for
Prince. The expression to designate a son
of the Queen would probably be *Wong-Tze*,
or similar term. It would certainly appear
advisable that some substitute should be
made for the character used, which are
calculated to mislead. *Press*.

A SAN FRANCISCO Establishment (the Vul-
can Iron Works) has sent to Japan a Quartz
crushing machine, costing \$7,000. This
shows a considerable degree of enterprise
on the part of the Japanese. We hope the
return of gold from their quartz crushing
operations—search for gold being sup-
ported—will equal their expectations.

Sir Edmund Hornby is said to have
found such an accumulation of business in
the Consulate at Nagasaki, consequent on
the death of the late Consul there, &c., that he
has requested one of the clerks of the
Shanghai Supreme Court to be sent
to his assistance.

which those most given to
high-toned speculations about China and
the Chinese cannot remain indifferent. It
may seem absurd to connect the laziness
of low caste coolies with a trait of
national temperament, but, as we have
said above, it is displayed under circum-
stances which render the conclusion that
it is something more than personal, inevi-
table. We are not sure that a good
deal of the difficulty experienced in our
official dealing with China may not be
traced to the same invariable determining
factor, and solely to our own
piggin without concern for that of
others. But we forbear discussing on so
